PROFESSIONAL SUMMARY	Passionate and detail-oriented Software Developer with hands-on experience building robust .NET and C# applications across web, API, and data-driven domains. Holds an NCE in Computer Science (Distinction) and has complemented formal education with specialist training in C# and advanced software architecture. Proven ability to deliver end-to-end solutions — from REST API design and database management to front-end integration — and a strong drive to continuously grow with modern development practices.	
OBJECTIVE	Software Developer role in a forward-thinking organisation where I can contribute .NET / C# expertise, grow as an engineer, and deliver impactful, high-quality software solutions.	
AVAILABILITY / SALARY RANGE	Immediate / Negotiable	
SKILL SUMMARY	Languages & Frameworks: C#, .NET Core 6/10, .NET Framework, ASP.NET Core 6+, Blazor, MVC, REST API Database & ORM: SQL Server, Entity Framework Core 7+ Tools & Platforms: Visual Studio 2022, VS Code, Postman, Git, GitHub, Azure Methodologies: SOLID principles, Clean Architecture, Agile/Scrum basics	
WORK EXPERIENCE	Software Developer (<i>Self-Employed / Personal Projects</i>) <i>FCT, Abuja</i>	July 2022 – Present
	- Designed and built an HR Management System in C# and .NET with SQL Server, implementing full CRUD operations via Entity Framework Core 7+ and a clean repository pattern. - Developed a production REST API with ASP.NET Core 6 for a KYC application, integrating third-party identity verification APIs and handling secure data flows. - Built a Business Directory web application with C# and ASP.NET Core, featuring business enrolment, category management, and a public-facing listings portal. - Created an Attendance Management System with automated Excel report generation using C# and .NET libraries, cutting manual administrative work by approximately 80%.	
KEY PROJECTS	HR Management System C#, .NET, SQL Server, Entity Framework Core Employee records, leave management, CRUD operations with clean data access layer. KYC REST API ASP.NET Core 6, REST, Third-party APIs Secure identity verification service with API integration, request validation, and structured error handling. Business Directory App C#, ASP.NET Core, SQL Server Full-stack web app; business enrolment, category browsing, and public directory listings.	

Attendance Management System

C#, .NET, Excel Libraries | Automated attendance tracking with Excel export, reducing manual reporting effort by 80%.

EDUCATION

NCE — Computer Science FCT College of Education, Abuja Graduated with Distinction Minor: Integrated Science	March 2022
Codelab Educare Advanced C# Architecture	2023 – 2024
Osoft Training Institute C#, ASP.NET	2022 – 2023
West African Senior School Certificate (WAEC/NECO)	September 2017
First School Leaving Certificate (FSLC)	2010

HONOURS & AWARDS

Nigeria Certificate of Education (NCE)	November 2024
C# Certification — W3Schools / SoloLearn Online Coursework: .NET Development, Algorithms in C#	June 2023

SKILLS &
COMPETENCIES

- Strong analytical and problem-solving skills with a structured, methodical approach to debugging and solution design
- Excellent written and verbal communication skills; able to translate technical concepts for non-technical stakeholders
- Self-directed learner with a track record of independent study and continuous professional development
- Collaborative team player equally comfortable working independently or in agile team environments
